Adding i pilot link to terrova

« Previous 1 2 3 ... 5 Next » Showing: 1-12 of 52 If you are one of the unlucky few who do not have a Minn Kota trolling motor with i-Pilot, there's hope for you after all! Minn Kota has upgrade kits available for both i-Pilot and i-Pilot Link. These kits are easy to install and provide you and your trolling motor with all of the great i-Pilot GPS features like Spot Lock, iTracks and more. Mind you, upgrading your motor to i-Pilot or i-Pilot Link does not come cheap (\$450), but it sure is less than buying a new trolling motor. Let's face it, nowadays you don't want to be that guy without Spot Lock! As mentioned above, the i-Pilot and i-Pilot Link upgrade kits are only compatible with certain Minn Kota motors, so we've provided a compatibility chart below that will help you find the right i-Pilot GPS upgrade kit for your specific trolling motor. Each i-Pilot upgrade kit comes with a new i-Pilot (or i-Pilot Link) Control Unit cover, wireless remote hardware, i-Pilot control cables and 2 lanyards (neck and belt clip). Installation is quite simple and typically requires removing four screws in the existing control unit cover, unplugging the cover from the control head and plugging in the new i-Pilot control unit cover. Some motors may require a bit more wiring work but it's all pretty basic stuff. The only step that can be challenging is routing the i-Pilot controller cable through the center housing. This may require some heat shrink work or crimping, but all in all it's not bad and certainly not as difficult as mounting a motor! Here's a List of Compatible Minn Kota Trolling Motors and i-Pilot Upgrade Kits i-PILOT KITS MODEL YEAR OF MANUFACTURE i-PILOT COMPATIBLE LINK TO PURCHASE POWERDRIVE / RIPTIDE POWERDRIVE PowerDrive 2017-present Yes This kit is only available through Minn Kota (SKU #2774055) Riptide PowerDrive 2017-present Yes This Kit is only available through Minn Kota (SKU #2774056) Legacy PowerDrive 2007-2016 Yes Not Available Riptide SP 2007-2016 Yes i-Pilot for Riptide SP TERROVA / RIPTIDE TERROVA Terrova 2017-present Yes This kit is only available through Minn Kota (SKU #2774057) Riptide Terrova 2017-present Yes This kit is only available through Minn Kota (SKU #2774050) Legacy Terrova 2007-2016 Yes i-Pilot for Legacy Terrova Riptide ST 2007-2016 Yes i-Pilot for Legacy Riptide ST ULTERRA / RIPTIDE ULTERRA Ulterra 2015-present No Not Available Riptide Ulterra 2015-present No Not Available i-PILOT LINK KITS MODEL YEAR OF MANUFACTURE i-PILOT LINK COMPATIBLE LINK TO PURCHASE POWERDRIVE V2 / RIPTIDE SP (RIPTIDE POWERDRIVE V2) PowerDrive 2017-present No Not Available Riptide PowerDrive 2017-present No Not Available Legacy PowerDrive 2007-2016 Yes Not Available Legacy Riptide SP 2007-2016 Yes Not Available TERRROVA / RIPTIDE TERROVA Terrova 2017-present No This kit is only available through Minn Kota (SKU #2774058) Riptide Terrova 2017-present No This kit is only available through Minn Kota (SKU #2774059) Legacy Terrova 2007-2016 Yes i-Pilot Link for Legacy Terrova Legacy Riptide ST 2007-2016 Yes i-Pilot Link for Legacy Riptide ST ULTERRA / RIPTIDE ULTERRA Ulterra 2015-present No Not available Riptide Ulterra 2015-present No Not available FREQUENTLY ASKED QUESTIONS If your motor is a Terrova, PowerDrive V2, Riptide ST or Riptide SP model, it is compatible with the i-Pilot system. Unfortunately, PowerDrive models produced before 2007 are not compatible. Terrova and Riptide ST motors: i-Pilot for Terrova and Riptide ST works in conjunction with your foot pedal. PowerDrive V2 and Riptide SP motors: i-Pilot for PowerDrive V2 and Riptide SP replaces the foot pedal and cannot be used in conjunction with the foot pedal. Yes, however i-Pilot will override CoPilot so the CoPilot system will no longer be functional. i-Pilot includes all the features of CoPilot. The i-Pilot trolling motor system is sold as an accessory and is compatible with all Terrova, PowerDrive V2, Riptide ST and Riptide SP trolling motors. Select Terrova and PowerDrive V2 trolling motors do come with the i-Pilot trolling motor system pre-installed. Old Part Numbers: 2774058 Minn Kota Freshwater Terrova BT and Ultrex BT iPilot Link Upgrade Kit This kit includes everything needed to upgrade all freshwater Minn Kota Terrova BT and Ultrex BT trolling motor models to the newest BT iPilot Link system made by Minn Kota. Fits the following freshwater Minn Kota trolling motor models: Minn Kota Terrova BT models from 2017 - Present Minn Kota Ultrex BT models from 2017 - Present Features: i-Pilot® Link™ Integrated GPS Trolling System: i-Pilot® Link™ gives you unprecedented control over your boat by linking your trolling motor to your Humminbird® fish finder. Control your trolling motor from Link's color touch-screen remote or the Humminbird. You can set Spot-Locks, record paths, follow depth contours, automatically navigate to your favorite spots, control speed and steering, and more. Spot-Lock: Just press a button, and Spot-Lock will hold you in place with unparalleled GPS accuracy. Available on i-Pilot GPS systems, Spot-Lock gives you the power to stay right on top of any productive fishing spot automatically, without touching your trolling motor. Spot-Lock with jog can be accomplished by installing the provided heading sensor. You can use Jog to move your Spot-Lock location five feet in any direction. Activate Spot-Lock from the i-Pilot remote. AutoPilot™: Automatically navigate your boat in any direction you choose. Just point the head of your trolling motor in the direction you want to travel, activate AutoPilot™, and your trolling motor will keep you on that heading automatically, even correcting for wind, waves and current. Mobile App Compatibility: Control i-Pilot directly from your Apple® or Android™ device with our mobile app. You get quick command of speed, steering, Spot-Lock and Advanced AutoPilot — plus the ability to update i-Pilot software.
